SUBJECT: CHRC Fee Decrease

Dear Administrator:

The purpose of this letter is to inform Criminal History Record Check (CHRC) covered providers of the impending fee decrease for this process.

Effective Saturday, January 1, 2022, the fingerprinting processing fee to be paid will decrease by \$0.25 as our vendor fee decreased by that amount.

As a reminder, the covered provider is responsible for the payment of the fingerprint appointment.

As always, thank you for your continued cooperation.

Sincerely,

Valerie A. Deetz, Deputy Director
Center for Health Care Provider Services and Oversight
Office of Primary Care and Health Systems Management
